

PIOTR PAROBCZY

Junior Java Developer

DETAILS

Warsaw, Poland

piotrparobczy@gmail.com

+48 691939019

PROFILE

I am a novice Java programmer looking for an entry level job. I have completed CodersLab's "Junior Java Backend Programmer" course. I have studied civil engineering at the Warsaw University of Technology, and recently worked as a fiber optics designer creating executive documentation. During my career, my greatest satisfaction came from creating simple lisp and vba scripts to help automate work. I would like to have the opportunity to learn the best programming principles.

EMPLOYMENT HISTORY

Civil Engineering Assistant, Mard, Warsaw
(09/2018 - 08/2020)
